

*we're always popular...  
but never overcrowded*

We offer a **friendly, safe and relaxing holiday atmosphere**, providing the freedom to enjoy your own style of holiday. Our well **maintained camping and touring pitches** are both generous and level, most with **electric hook-up points** (16amp) and a limited number of hardstandings.

There is **plenty of space** in which to enjoy a family BBQ, or to sit and relax in an idyllic setting, whilst reading a book. Our pitch areas: Swift, Pheasant, Jay, Owl and Woodpecker are **all within easy reach of our facilities**. If you have an area preference, we will do our utmost to accommodate your request.

Washing-up is made easier for all the family by the thoughtful positioning of **24hr dishwashing facilities with free hot water**, complete with a drinking water tap and waste water disposal point, all within thirty metres of most pitches.

To avoid disappointment, **please book early** for our popular main summer season. **We welcome dogs / pets in your own camping or touring unit**. Please see our conditions and website for full details regarding your pet(s).

Take advantage of our **Touring Caravan Seasonal Pitch Option**, enabling you to visit more often, without the worry of towing. For more details please visit our website.
