CHAMPION TREES

The glorious gardens at Trewithen boast 18 Champion Trees. These are trees that have been officially measured by the Tree Register and declared Champions for either being the tallest of their type or for having the largest diameter. Major gardens and parks throughout Britain and Ireland are inspected to update Champion Tree records - Trewithen's trees have been measured in the last five years.

Name	Origin	Champion because...
1 <i>Photinia prinophylla</i>	(E) West China	height and diameter
2 <i>Amomyrtus luma</i>	(E) Chile	height and diameter
3 <i>Acer cissifolium</i>	(D) Japan	diameter
4 <i>Reherodendron macrocarpum</i>	(D) West China	height and diameter
5 <i>Magnolia cambellii</i> subsp. <i>mollicomata</i>	(E) Yunnan region of South East Tibet	diameter
6 <i>Rhododendron arboreum</i> subsp. <i>cinnamomeum</i>	(E) North East India	height
7 <i>Stewartia sinensis</i>	(D) Central China	height
8 <i>Ilex cyrtura</i>	(E) South West China	height and diameter
9 <i>Enkianthus chinensis</i>	(D) West China	height and diameter
10 <i>Magnolia cambellii</i> 'Charles Raffill'	(D) seedling from Kew Gardens	largest of its type. Grown from a layer and not seed
11 <i>Acer laevigatum</i>	(S) China	only one of its stature
12 <i>Magnolia cambellii</i> subsp. <i>mollicomata</i> 'Lanarth'	(D) Lanarth	largest of its type. Grown from a layer and not seed
13 <i>Magnolia sargentiana</i>	(D) West China	diameter
14 <i>Magnolia sprengeri</i> var. <i>diva</i>	(D) Grown from a Wilson collected seed at Caerhays Castle Garden	diameter
